### THE AMERICAN MAN

Of the Glacial Age.

The scientific evidence is continually be coming stronger that man existed in America in the Glacial Age. That is, in America in the Glacial Age. That is, in the remotest prehistoric days. He belonged to a race entirely distinct from the Indians, and there are apparently no descendants of his among the present so-called Aborigines of the American Continent. From the Glacial Period to the present day nothing has ever been discovered that has such wonderful power over disease as Dr. Burkhart's Vegetable Compound. Chronic cases of Rheumatism, Catarrh. Constipation and diseases of the Blood can be cured with this remedy where everything else fails. 30 days' treatment 25c, All druggists.

### A Woman's Prayer

It is notable that in the despondency caused by womanly diseases, there seems to many a suffering woman no way of escape from pain except at the price of life itself. It would be sad to record such a story of struggle and suffering ex-

cept for the fact that in such dire distress many a found a way back to health and happiness Pierce's Favorite Prescription. The one and only remedy for leucorrhea, female weakness, prolapsus, or falling of the womb, so abso-

they cannot cure.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "My urine was like brick dust, and I had pain all over me, and such a dragging feeling it seemed I could not do my house work. One day I found a little book. I read it and wrote to Dr. Pierce, and it a few days received an answer. I decided to try his medicine, and to day I am a well woman. I have no backache, no headache, no pain at all. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Favorite Prescription and three of 'Golden Medical Discovery' and three vials of Dr. Pierce's Pleasant Pellets, and was completely cured."

At a conference of the district repre sentatives at the Planters yesterday it was decided to ask the river commission to an ticipate the appropriations of 1904 and 1906 and let contracts for levee work now.

If the commission so acts the distric representatives claim that the work can be started at once, and that the levees from Cairo to New Orleans will be in a safe ondition by March 1, 1904, or before possi ble high water of the May and June period

While this amount is quite insufficient for the accomplishing of the great work, it is expected that the State governments will contribute liberally to the movement.

# CARDUI LITERATURE

The Ladies' Birthday Almanac and the Cardui Book contain letters from cured and healthy women who tell how Wine of Cardui has relieved them of every kind of female suffering.

The world knows little of the suffering and sickness of the women in American homes, and these little books are prepared to go into these darkened homes with their messages of health. From these books 10,000,000 women learn that Wine of Cardui perfectly regulates the menstrual flow, cures bearing-down pains, ovarian troubles, leucorrhoza, barrenness, and relieves the distressful suffering during motherhood, and are enabled to treat themselves in the privacy of their own homes.

What can be more fascinating to any woman than the true life story of scores of prominent women who tell the details of their restoration to health?

Chicago, Ill., October 2, 1901.

As a specific for female troubles, Wine of Cardui is certainly a superior medicine. I suffered for eight years with ulceration of the womb, and although my family physician prescribed different remedies, and I used a number of douches and washes, only to get worse, and finally gave up in despair, and decided that health would never be mine again.

Fortunately, this spring one of your little Cardei books was left, at my door. As I read how

other sick women had been cured by using Wine of Cardui, new hope sprang up in my heart and I tried it.

I was very pleased to find that health came very soon, and at my next menstrual period the pains were greatly lessened, and within seven weeks I was well. Mrs. CLEMENTINE RICHMOND.

Grove, I. T., January 20, 1902.

I had a miscarriage in February. I flooded almost to death, and the doctors and neighbors gave me up to die. I got along so I could walk to my garden and back.

I read in your Ledies' Birthday Almanac about, your great medicine, Wine of Cardai.

I have used one bottle and new I am able to do all of my work. I can't recommend Wine of Cardai too highly. Thanks Mrs. LOTTIE GEORGE.

Every druggist should have a supply of the Ladies' Birthday Almanacs and Cardui books, which you can secure without cost. If your druggist does not have them, send the names of your suffering lady friends to the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn., and the books will be sent them or you free of charge.
